“Why Do We Send Missionaries?”

Part 4: The Distinction between “Reached” and “Unreached”

[Watch Part 4: Reached vs. Unreached](#)

Video Discussion Questions

1. How would you describe what it means for a people group to have a “viable” church?
2. How would you describe what it means for a people group to have an “indigenous” church?
3. Why do you think nine out of 10 missionaries go to already reached people groups rather than unreached peoples?
4. Why do we keep sending people to peoples already reached with the gospel?
5. Visit <https://peoplegroups.org/>. How can you use this website to help you and others grasp the unfinished task?
6. Visit <https://www.joshuaproject.net/> and answer the following questions.
 - How many people groups are in the world today?
 - How many of these people groups are unreached?
 - What is the total population living in unreached people groups (UPG’s)?
 - Who is the UPG of the day?

Research the following countries:

Stats	Haiti	India	Mexico
Total population			
Number of people groups			
Number of UPGs			

- What are two reached people groups in Laos?
- What resources are available through the Joshua Project website to mobilize others for involvement in missions and prayer
